MARITIME SECURITY

INTRODUCTION

Leading provider of maritime security services to governments and the private sector worldwide.

The key elements in providing effective security in the modern, hostile maritime environment are detailed security audits, accurate risk assessments, intelligent contingency planning and the provision of the right equipment and the right personnel.

- Bulk Carriers
- Dangerous Cargos
- Super Yachts
- Static Production Facilities and Research Vessels

FSI MARITIME SERVICES

- Regional and task specific Intelligence Reports
- Vessel Risk Assessments
- Ship & Port Security Surveys
- ISPS compliant Ship Security Plans
- Corporate Crisis Management

FSI MARITIME TRAINING

- Piracy Techniques and Countermeasures
- Understanding Weapons and Explosives
- Ship Defence Construction
- Medical Response (Special Forces Standard)
- How to Survive as a Hostage
- Weapon Training: Lethal and Non-Lethal

PERSONNEL

FSI former SBS operatives are pioneers in anti-piracy techniques and maritime counter-terrorism.

FSI Gurkha personnel are combat-proven army and naval soldiers and British Army Gurkha Engineers adept at creating effective, intimidating defences.

MARITIME INTELLIGENCE AND OPERATIONS CENTRE

FSI and Gray Page provide a 24/7 operations centre maintaining contact with vessels and security teams worldwide in order to provide timely advice, intelligence reports and emergency response.

THE THREATS: CRIME, PIRACY, TERRORISM

THE SOLUTIONS:

A combination of maritime intelligence resources, onboard security teams, armed and non-lethal counter measures in tandem with highly developed vessel defences.

ISPS CODES

Advice and training to implement and extend Code effectiveness.

FSI WORLDWIDE LIMITED

- A British owned company offering high standards of security in high-threat environments.
- The CEO, Operations Director and Senior Operations Team are former Gurkha Officers and UK special forces SBS.
- The FSI commercial, legal and financial departments are staffed with experienced professionals providing support to the FSI operations team and to our clients.
- FSI is trusted to provide security services to the British and American Governments, including the provision of training services to the British Ministry of Defence on the largest contract of its kind.

IPOA

FSI is a full member of the International Peace Operations Association (“IPOA”), a respected industry organisation with a strict code of conduct ensuring its members act responsibly and ethically in the theatres in which they operate.
